

DELL LASER WIRED MOUSE – MS3220

# High precision control

## HIGHLY PRECISE

Work faster and smarter with the Dell Laser Wired Mouse – MS3220. The 3200 DPI sensitivity lets you navigate smoothly and easily across high-resolution 4K monitors. Adjust to your preferred preset DPI in moments with a simple click of the toggle button.

## ENHANCED PRODUCTIVITY

Two shortcut buttons let you easily move back and forth quickly through the web pages. For a seamless workflow, program these shortcut buttons to your preferred commands or applications using the Dell Peripheral Manager. The Peripheral Manager also allows you to conveniently get the connectivity status and latest firmware updates.

## SIMPLY RELIABLE

Rigorous testing ensures this mouse works perfectly with Dell systems. Easily plug and play without going through the hassle of setting up. Dell's Advanced Exchange Service<sup>1</sup> ships you a replacement unit the next business day should the mouse become faulty during the 3-year warranty<sup>2</sup> period.
